Willmar Seed Library Membership Record

The Willmar Seed Library is a free program whose goal is to strengthen our community of gardeners by sharing seeds. The seed library operates on the honor system to maintain a well-stocked collection of healthy, viable seeds for the community to use. We encourage all members to learn basic seed saving techniques, but ask that beginners only collect and return seeds that are from easy plants. If you are unable to save your own seed, please donate a packet or two of non-GMO commercially packaged seed to help keep our library stocked.

Member Information

Name: _____

Email: _____ Phone #: _____

Would you like to be contacted about seed swaps, gardening classes, etc.? Yes No

Would you be interested in volunteering for the Willmar Seed Library? If so, please check the ways you might help:

Organizing the Library

Preparing Seed Packets

Teaching classes/workshops

Other (please specify) _____

The Safe Seed Pledge

Agriculture and seeds provide the basis upon which our lives depend. We must protect this foundation as a safe and genetically stable source for future generations. For the benefit of all farmers, gardeners, and consumers who want an alternative, I promise that I do not knowingly buy, grow, or trade genetically engineered (GMO) seeds or plants.

Additionally, as a member of the Willmar Seed Library, I promise to grow plants and save seeds according to best practices to ensure that I return viable seed that will produce plants true to the variety I label them to be.
